Incident Report I-09

Fictional controlled copy · Issued 09 August 2026 · Department: Maintenance/Quality

Subject: Simulated door obstruction incident

Incident I-09 records a simulated platform door obstruction involving asset PDS-14 at Kaloor station on 09 August 2026.

Required action: Maintenance/Quality must inspect the door sensor, document the root cause, and close the corrective-action record by 20 August 2026.

Witness and location: the control-room operator reported the event at 09:40 near platform 2.

Distractor: the weather log states light rain; it is retained for context but is not a causal finding.
